FEED DEPARTMENT

It seems every year you are confronted with new challenges and obstacles as livestock and dairy producers, and this year was definitely no exception.

We were really tested with one of the wettest springs following one of the driest summers on record, reducing feed inventories and making planting and haying very difficult.

On behalf of Wilma, Mark, Mike and myself I would like to tell you how very proud and thankful we are of the work you do and the commitment you have to make your farms successful. We are honoured to help work with you and your families in any way to achieve your goals now and in the future.

2018 looks to be very exciting in feed and nutrition for us at County Farm Centre with lots of leading edge research, products and equipment coming from our partners at Master Feeds and Alltech which will help maximize your farm and livestock efficiencies .

From Wilma, Mark, Mike and myself thanks again for your support and confidence and we would like to wish you and yours a Very Merry Christmas and a Happy and prosperous New Year.
Dave
